17. Describe Proposed or Completed Operations (Give Pertinant Details and Dates.)

An old Gas Sales Contract has the property tied up until later this year - delaying the production from the Payne #1R well. After expiration of the contract, the Payne #1R well will be connected to a pipeline for production.

We need some production history for the Payne #1R well in order to properly evaluate the future of the Payne #1 well.

Therefore, an extension of the Temporary Abandoned status for a period of one year is requested for of the Payne #1 well.
