Mr. Joe D. Ramey, Director Oil Conservation Division State of New Mexico P. O. Box 2088 Santa Fe, New Mexico 87501

APPLICATION FOR ADMINISTRATIVE APPROVAL

Re: Unorthodox Location
Undesignated Farmington Gas Field
1575' FSL & 790" FEL
Section 25, T-29N, R-11W
San Juan County, New Mexico

Dear Sir:

Manana Gas, Inc. is proposing to drill a gas well in the above referenced location, and hereby request a spacing exception. The proposed well would be drilled on a 40 acre pro-ration unit in the NE/4 of the SE/4 of Section 25. The well location would be 100' south of our Aunt Maggie #1 Pictured Cliffs well. It would be 255' FSL of this 40 acre tract, which makes it 75' short of the 330' minimum required.

El Paso Natural Gas has a right-of-way for a high pressure and a low pressure gathering line 24' north of our Aunt Maggie #1. Directly north of their right-of-way is a hill with an almost perpendicular approach. It is impossible to move any further north from the proposed location due to the proximity of our Aunt Maggie #1 Pictured Cliffs well, the El Paso Natural Gas right-of-way, and the steep hill to the north.

The adjacent owners of this location are as follows:

El PamCo, Inc. P. O. Box 14737 Albuquerque, N.M. 87111 Amoco Production Company Security Life Bldg. 2831-A Denver, Colorado 80202 Manana Gas, Inc. P. O. Box 145 Farmington, N.M. 87401

Manana Gas, Inc. has notified all of the above offsetting operators of this application by certified mail.

We would appreciate your earliest attention to this matter.

Very truly yours,

MANANA GAS, INC.

By: Ed Hartman
