Re: Application for nonstandard location

Dear Mr. Ramey:

Approval is hereby requested for the location of the Helen Loraine Hedrick #2 Gale well at a point 2030' FNL and 1730' FWL of Section 24, T29N, R11W as an Aztec-Pictured Cliffs Pool extension in San Juan County as provided in Rule 3 of Order R-1670 due to topographic conditions.

A well at a standard location would be in an arable, gravity irrigated field where the well pad and roadway would disrupt the irrigation of a portion of the field.

Enclosed are: 1. A copy of the surveyor's plat showing the location of the well and the field, 2. An ownership plat showing the developed offset drill tracts, and 3. A list of offset owners and their addresses.

All offset operators have been supplied a copy of this application by certified mail with this mailing.

If further information is desired, please contact me.

Yours very truly,

A. R. Kendrick
