Re: Well #1-9 Sargent, NW $\frac{1}{4}$
Section 9, Township 1 S,
Range 2 E, Rio Arriba
County, New Mexico

Dear Mr. Arnold:

I am herewith re-submitting our Notice of Intention to Drill. A One Well Bond Form 39-B1 has been obtained from American Employers Insurance Company through Savage & Sganzi of Albuquerque, New Mexico. Said bond was mailed to your capitol office of the Oil Conservation Commission.

As I understand your letter of November 26, 1962, this was the only aspect of the application that was lacking.

Incidentally, your letter indicates that the well is to be located in San Juan County, New Mexico; however, our information shows it to be in Rio Arriba County, New Mexico.

Thank you so much for the expedient manner in which you handled this.

Sincerely yours,

STELLA DYSART

Louis B. Lothmann
Executive Administrator
