Rosa Unit No. 283
Unit H, Section 2, T-31N, R-4W
Rio Arriba County, New Mexico

Dear Mr. Thompson:

 Please be advised that on September 19, 2000, the Division received an objection to the Form C-107-A (Application to Downhole Commingle) for the Rosa Unit Well No. 283 filed by Walsh Engineering on behalf of Williams Production Company on September 8, 2000. This objection was filed by the Gallegos Law Firm on behalf of Fred Turner, Glen Turner, John Turner, Elizabeth Calloway and Mary Turner, Jr. Trust. Since this objection was filed in a timely manner, the Form C-107-A for this well cannot be approved administratively.

If you wish to pursue approval of this application it must be set for hearing before a Division examiner. Please advise the Division at your earliest convenience whether you wish the application to be set for hearing, or whether you wish to withdraw the application.

If you should have any questions, please contact me at (505) 827-8184.

Sincerely,

David Catanach
Engineer/Examiner
