Re: Application for an Unorthodox Location
Rosa Unit #342
Sec. 11-T31N-R4W
Basin Fruitland Coal Gas Pool
Rio Arriba County, New Mexico

Gentlemen:

Mitchell Energy Corporation respectfully submits for your approval an Application for Unorthodox Location for the Rosa Unit #342 well. The subject well is to be located 765' FNL & 2595' FEL of Section 11-T31N-R4W, Basin Fruitland Coal Pool, Rio Arriba County, New Mexico.

The unorthodox location is due to archeological and topographical problems in the area. An attempt was also made to stay out of the arroyo bottoms at the request of the Forest Service. The attached exhibits show the situation at the location and surrounding area.

All offset Operators and Lease Owners have been notified but to date we have only received a reply from Parker and Parsley Petroleum Co. to our request for Waiver of Objection to an Unorthodox Location (see attached).

If further information is needed concerning this matter, please feel free to contact me at (303) 292-4455.

Respectfully yours,

MITCHELL ENERGY CORPORATION
