13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Williams Production Company requests a one year extension of "Shut-In" status for this well. Recent Rosa Unit development in the Mesaverde and Pictured Cliffs formations near this wellbore indicate that uphole potential may exist. If economics justify, Williams Production Company plans to recomplete this well in 1996.
