Dear Ms. Wrotenbery,

This is a request on behalf of Williams Production Company for administrative approval for a non-standard gas unit in the Blanco Mesa Verde pool for the referenced well. The proposed spacing unit is the southeast quarter and lots 3 and 4 of Section 30, T31N, R5W, which is 232.79 acres due to a variation in the legal subdivision of the U.S. Public Land Surveys.

As the Unit Operator of the Rosa Unit, Williams Production is the offset operator in all directions except to the southwest (Section 36, T31N, R6W) where Phillips petroleum is the operator of the San Juan 31-6 Unit. A waiver from Phillips is attached.

Attached is a map showing the offset ownership and a plat indicating the well location and proposed spacing unit.

Thank you for your consideration and approval of this application. If you have any questions please do not hesitate to call upon me.

Sincerely,

Paul C. Thompson, P.E.
