Gentlemen:

We are requesting that Oil Commission "Casing Failure Report" forms be filed in triplicate on all wells on which casing failures have occurred. This form should be filed subsequent to repair. You are also reminded that Commission Form C-102 should be filed prior to institution of remedial action on any well on which casing failure has occurred.

We have never received a Casing Failure Report on the following well, on which we have information that casing failure has occurred:

Tenneco #1 Bay Mesaverde Unit, 36-36N-8W

We are enclosing a supply of Casing Failure Report forms for your convenience.

Yours very truly

Emery C. Arnold
Supervisor, District #3

Dear Sir:

Enclosed for you are
two copies of the
report of the

Commission

which was prepared by the Oil Conservation Commission
and the New Mexico State Engineer's Office. The report
contains a detailed description of the oil resources
of the State and a plan for the conservation of these
resources. It also contains a list of the members of the
Commission and a list of the members of the State Engineer's
Office.

We have been very pleased to receive your letter of the
10th inst. and to learn that you are interested in the
report of the Commission.

Very truly yours,
J. W. C. Smith
