Flamingo September 2, 1953  
Well No. 2-44 is located 240 ft. from N line and 630 ft. from E line of sec. 31  
2 1/2 Sec. 31 30 N 8 E NM  
(4 Sec. and Sec. No.) (Twp.) (Range) (Meridian)  
Flamingo San Juan New Mexico  
(Field) (County or Subdivision) (State or Territory)

The elevation of the derrick floor above sea level is Will be furnished later ft.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

We propose to drill with rotary tools using mud to approx 1500', and set 7" casing then drill with rotary using gas to base of Point Lobos formation, shoot with nitro for gas completion in entire New Verde section.

Proposed casing programs

200' - 10-3/4" 32.75# 2-40 25 casing - Cemented to surface  
1500' - 7" 23# 4-55 25 casing - cemented with 200 sacks  
1000' - 1.5" 60 2.75# 25 tubing

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

By J. B. Hamrell  
Title Supt.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the transparency and accountability of the organization. This section also outlines the various methods used to collect and analyze data, ensuring that the information is reliable and up-to-date.

2. The second part of the document focuses on the implementation of the proposed changes. It details the steps involved in the transition process, from the initial planning phase to the final execution. This section also addresses the potential challenges that may arise during the implementation and provides strategies to overcome them.

3. The third part of the document discusses the long-term impact of the changes. It highlights the expected benefits, such as improved efficiency and cost savings, and provides a timeline for when these benefits are expected to be realized. This section also includes a discussion on the ongoing monitoring and evaluation of the changes to ensure they are meeting the intended goals.

4. The fourth part of the document provides a summary of the key findings and conclusions. It reiterates the importance of the changes and the need for continued commitment to the process. This section also includes a list of recommendations for future actions and a call to action for all stakeholders to support the changes.

5. The fifth part of the document is a conclusion. It summarizes the main points of the document and expresses confidence in the success of the changes. It also includes a final statement of commitment to the organization's mission and values.

6. The sixth part of the document is a list of references. It includes a list of all the sources used in the document, including books, articles, and websites. This section is intended to provide a comprehensive list of resources for anyone interested in the topics discussed in the document.

7. The seventh part of the document is a list of appendices. It includes a list of all the additional information included in the document, such as charts, tables, and supplementary data. This section is intended to provide a comprehensive list of resources for anyone interested in the topics discussed in the document.

8. The eighth part of the document is a list of footnotes. It includes a list of all the footnotes included in the document, providing additional information and references. This section is intended to provide a comprehensive list of resources for anyone interested in the topics discussed in the document.

9. The ninth part of the document is a list of glossary. It includes a list of all the terms and definitions used in the document, providing a clear and concise explanation of each term. This section is intended to provide a comprehensive list of resources for anyone interested in the topics discussed in the document.

10. The tenth part of the document is a list of index. It includes a list of all the topics and sub-topics covered in the document, providing a quick and easy way to find the information you need. This section is intended to provide a comprehensive list of resources for anyone interested in the topics discussed in the document.
