PULL OR ALTER CASING <input checked="" type="checkbox"/>	OTHER <input type="checkbox"/>	CASING TEST AND CEMENT JOB <input type="checkbox"/>	

17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

As a result of bradenhead gas pressure of 50 psi, we rigged up blow lines and accessorial equipment to blow well and bradenhead down on January 26, 1965.

We plan to move in rig, run corrosion log and cement behind the 7-5/8" casing. Clean up well and return to production.

The above procedure verbally approved January 25, 1965, E. C. Arnold to F. H. Hollingsworth.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
Fred L. Nabors, District Engineer
