17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well is uneconomical to operate and no means of increasing production are known. We propose to plug well as follows:

Place 25 sack cement plug in casing across perforations 5933' to 5633'. Cut and recover approximately 4000' of 4-1/2" casing. Spot cement plugs across the casing stub, the Mesa Verde Formation and the Pictured Cliffs Formation. Remove casing head and cement pipe marker in top of 7-5/8" casing.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
