13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomple in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

This well is S.I. and inactive. A Sundry Notice of Intent has been approved to plug and abandon the well. However, a co-owner in the well has informed CTOC that they plan to exercise their option to takeover as operator of the well. They plan to plugback and recomple the well uphole in a different pool. In the event the co-owner does not takeover the well CTOC will proceed with plugging and abandoning the well.
