Mr. Al Greer
New Mexico Oil Conservation Commission
Aztec, New Mexico

Dear Sir:

We are enclosing copy of our Notice of Intention to Drill on a Federal lease, together with the details of the work contemplated by drilling this hole, and a copy of Surveyor's Plat showing the location of this test.

In talking with you last week I understood that it was not necessary to file any plats with you other than this one, since the well is on a lease which we obtained through the Federal Government. If I am wrong about this and we need to file something else with the State, we would appreciate securing a copy of the necessary forms so we may file them at once.

I appreciate the courtesy extended to me while I was in your office last week and want you to know we will endeavor to cooperate with you in every way in complying with the rules of the Commission.
