Mesa, Arizona

Re: B. M. N. S.
Brown #2
M-29-30N-12W

Dear Mr. Brown:

Our records reflect that you are the person to contact regarding the captioned gas well.

The City of Farmington has contacted me regarding the plugging of the well.

The well has apparently been temporary abandoned for several years.

Residences have been built in the near proximity to the well.

Please advise this office of any plans to cause this well to be producible or to be plugged and abandoned.

If there are questions please call.

Yours very truly,

A. R. Kendrick
Supervisor, District #3
