Hesperus, Colorado

Dear Shorty,

How is the fishing at Hesperus? Hope the state of your health is still improving.

We have been placed in a corner and are going to have to insist that the old #1 Wagner well be plugged and abandoned. At any rate our file does not indicate that it has been plugged although it seems to me we discussed the plugging sometime previous.

I would suggest you contact one of the plugging firms out of Farmington and perhaps they will plug it for salvage.

Let me know soon when you are ready so we won't have to go to hearing.

Yours very truly,
