Dear Mr. Arnold:

Re: Riddle No. 1-27
Unit G - Section 27 - 10-W - 30-N
San Juan County, New Mexico
Operator: La Plata Gathering System, Inc.
Pool: Basin Dakota

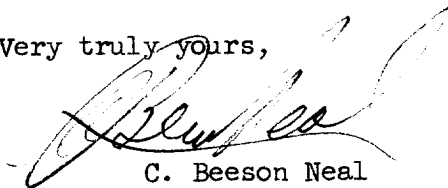

Herewith, in quadruplicate, is Form C-110 - Certificate of Compliance and Authorization to transport oil and natural gas - with reference to the captioned well.

Approval of this form is requested at this time - in order that liquids produced in the course of testing this gas well can be transported for sale to the Shell Oil Company.

As soon as the results of the tests are available, the usual "completion report" on U. S. G. S. Form 9-330 will be filed with the Geological Survey with sufficient copies for distribution to your office, and Form C-104 together with deviation affidavit will be forwarded to you for approval.

It is anticipated that when the testing is completed, the well will be shut in to await pipe line connection.

Very truly yours,

C. Beeson Neal
Agent in Farmington for
La Plata Gathering System, Inc.
