17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Amoco Production Company preposes to temporarily abandon the Mesaverde side of the Stedje Gas Com No. 1 which is a dual completion with the Dakota zone. Due to fluid problems and a low bottom hole pressure, the Mesaverde has ceased to produce. This zone can be abandoned by shutting in the Mesaverde tubing. Amoco intends to continue Dakota production.
