Dear Sir:

Our E. E. Elliott "B" No. 2, located in the NE/4 of Section 27, T-30-N, R-9-W, San Juan County, has recently been repaired and reconnected as of June 19, 1956, to El Paso Natural Gas Company sales line. Since this well was scheduled for its Annual Deliverability Test from June 24 to July 23, 1956, we would ask that the Commission please also consider this test as a test for new allowable following workover.

Yours very truly,
