Dear Mr. Sharpe:

Reference is made to your recent application for an amendment to administrative order DHC-2986 adding the Basin Fruitland Coal to the DHC along with the Flora Vista Fruitland Sand and the Undesignated Fulcher Kutz Pictured Cliffs.

It appearing that the subject well qualifies for approval for such exception pursuant to the provisions of Rule 303.C., and that reservoir damage or waste will not result from such downhole commingling, and correlative rights will not be violated thereby, you are hereby authorized to commingle the production as described above and any Division Order which authorized the dual completion and required separation of the zones is hereby placed in abeyance.
