Monsanto Chemical Co. - NWP Unit #1  
K-23-30N-12W  
Dual Flora Vista Mesaverde and Basin Dakota

Gentlemen:

El Paso has re-established sales from the Dakota in above well on March 5, 1963.

Attached is a Form C-110 in case a new Certificate is required.

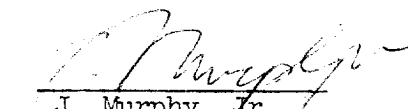

Briefly, the well was originally a Dakota producer. The Dakota was shut off in 1961 and the well was recompleted in the Mesaverde. Just recently we dually completed in the Dakota and the Mesaverde.

El Paso has scheduled Deliverabilities for both zones starting March 5, followed by a packer leakage test.

We hope that this procedure meets with your approval.

Yours very truly,

MONSANTO CHEMICAL COMPANY
