Dear Mr. Moya:

The above captioned wells have not been produced for several years.

These wells shall be classified as new completions and, therefore, shall be classified as non-marginal wells.

Deliverability tests as required by Order R-333-F shall be conducted and submitted to this office within sixty days after first delivery into the pipeline.

Allowables shall be effective not more than sixty days prior to the receipt of the forementioned tests.

Yours very truly,

A. R. Kendrick
Engineer, District #3
