Amoco Production Company submitted procedures to plug this well which was an original PC well aka the San Juan #1 and an APD to deepen into the Blanco Mesaverde which would have been renamed the Federal Gas Com N #1A in October 1998. Both procedures have been approved by you. Amoco now has decided not to deepen this well and requests that the APD to deepen be cancelled which is the Federal Gas Com N #1A and that you continue to allow us to plug and abandon the PC aka the San Juan #1 as originally approved.
