17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.) \*

This well was shut in February 1969, since it was unable to produce. Proposed workover was deferred as being uneconomical due to gas prices at the time.

It is proposed to retain the well and reconsider the workover at such time as increased gas prices will make the workover economical.
