Re: Tank dikes

Gentlemen:

You were informed by this office by letter, a copy of which is attached, to construct dikes around the storage tanks of the below listed wells:

New Mexico Federal #2	A-17-30N-12W ✓
New Mexico Federal #3	A-18-30N-12W

A recent oil spill at one of your nearby tank batteries further points out the necessity for these dikes. Your failure to comply with these requirements will constitute a violation of our Rule 306. You are hereby directed to construct these dikes immediately.

If you have any questions, please contact this office.

Yours truly,

Frank Chavez
District Supervisor
