Attention: Mr. E. N. Walsh

Gentlemen:

Reference is made to your letter of June 24, 1959, with which you enclosed copies of the directional survey run on your Williams Well No. 2, located in the SE/4 SE/4 of Section 11, Township 30 North, Range 16 West, NMPM, San Juan County, New Mexico.

Inasmuch as the directional survey establishes that the hole is bottomed on the same 40-acre tract as the surface location, the Commission has no objection to your producing the well.

Very truly yours,

A. L. PORTER, Jr.  
Secretary-Director
