Farmington, New Mexico

Re: Drilling Bond
SE $\frac{1}{4}$, Sec. 7, Twp. 30 N.
R. 11 W., N. M.P.M.

Dear Mr. Moya:

At the time I assigned to you oil and gas lease on the above described land, you informed me that you would post a drilling bond of your own within the next three days. To date I have heard nothing further from you in the matter.

If you have posted a drilling bond, please advise me to that effect so that I may proceed immediately to obtain a release of my bond by the Oil and Gas Conservation Commission as to the well on which you have conducted drilling operations on the above described land. In order that I may obtain a release of my bond, it will be necessary that I have the date of your bond and the name of the surety company on your bond.

I hereby demand that you perform no drilling operations of any nature or extend on your well on the above described land until such time as you have filed your own drilling bond with the New Mexico Oil and Gas Conservation Commission.

Very truly yours,

Harmon Owen

1. *Pharmaceutical industry* – The pharmaceutical industry is a major source of funding for research in the field of aging. The industry has a vested interest in developing new drugs and treatments for age-related diseases, and it often funds research that is likely to lead to the development of such products.
