Pooled Unit, 8-30N-11W*

Dear Mr. Florance:

Reference is made to our letter of April 27, 1961 and subsequent telephone conversations regarding the above well.

You indicated that it was your intention to take some action regarding this well in the very near future, as soon as legal difficulties concerning the unit were resolved. Will you please indicate what progress has been made as we must insist that some remedial action be taken in the very near future or that the well be permanently plugged and abandoned.

Yours very truly
