Dear Mr. Townsend,

This letter is a response to your letter dated January 27, 1995, to Condor Oil Corporation, concerning the Northeast Hogback Unit No. 29 and the **Northeast Hogback Unit No. 31**. Giant Exploration & Production Company became operator of the Northeast Hogback Unit on January 2, 1995. Giant did not receive the well files from the previous operator until February 9, 1995. We are still in the process of evaluating the field. Giant is requesting 6 months to complete the evaluation before any action is taken on these wells. We will submit a sundry and the appropriate paper work reflecting the planned work within 6 months.

If you have any questions, please contact me at 326-3325.

Sincerely,
