O
Re: Acreage Dedication - Bird #1, F-8-30N-11W

Dear Mr. Carr:

We will not require that you file a new acreage dedication plat for the #1 Bird well as the change is not large enough to affect your allowable. We intended that you merely correct your records as we are correcting ours.

P
Y
The 160 acre total which we are assigning to the well comes from the General Land Office plat which was approved April 7, 1881...I realize that totaling individual fee leases for many tracts does not come out to the same total as the GLO plat. However, we have decided that we had to take something as a standard and our attorney decided that we should use the latest General Land Office Survey as being correct. As this township has never been resurveyed, we are using the original acreage. Some townships have been recently resurveyed and the changes in total acreage have been rather drastic for some proration units.

Drop in and see us if you get up in this area.

Best regards.

Yours very truly,

Emery C. Arnold
Supervisor, District #3
