Midland, Texas

Re: Texaco #1 L. M. Barton  
1850' N, 1650' W  
Sec. 12-30N-12W

Dear Sir:

Subject well will be considered as a pool well in the Basin-Dakota Pool and, if successful, in the Blanco-Mesaverde Pool.

Order R-1670 and R-1670-C require 320 acre dedications for the Mesaverde and Dakota formations respectively. Please indicate 320 acres to be dedicated on forms C-128, enclosed, and return to this office.

Order R-1670 requires Mesaverde completions to be located in the NE/4 or SW/4 of the section.

Oral approval to spud has been given to your Farmington office to spud for lease validation.

Production from the well can not be authorized until the forementioned problems have been solved.

If we can be of assistance, please contact us.

Yours very truly,

A. R. Kendrick  
Engineer, District #3

Re: Texas Oil & Gas  
18201 A, 18201 B  
Sec. 12-30N-12W

Dear Sir:

Subject well will be considered as a pool well in the main-lease pool and, if successful, in the main-lease pool. Order 18-1570 and 18-1570-3 require 320 acre dedications for the lease-lands and 18-1570-3 require 320 acre dedications respectively. Please indicate 320 acres to be dedicated on Forms O-128, enclosed, and return to this office. Order 18-1570 requires lease-lands completion to be located in the NW 1/4 of the section. Final approval to drill has been given to your Washington office to drill for lease validation. Protection from one well can not be authorized until the aforementioned problems have been solved.

If we can be of assistance, please contact us.

Yours very truly,

A. W. Kendrick  
Engineer, District 23
