NE¹/₄ Section 10-30N-10W, Blanco Mesaverte Pool*

Dear Mr. Kendrick:

We are exempting the above well from 1957 Deliverability Test, for the reason that it was on pressure build-up test during the entire year of 1957 and was not put back on production until March 11, 1958.

When we receive the 1958 deliverability test we will change your allowable effective the first of the month following submittal date of the test.

Yours very truly
