NOTICE OF INTENTION TO ABANDON WELL.....		

(INDICATE ABOVE BY CHECK MARK NATURE OF REPORT, NOTICE, OR OTHER DATA)

Well No.                      is located                      ft. from [N] line and                      ft. from [E] line of sec.                       
                     (Pt. Sec. and Sec. No.)                      (Twp.)                      (Range)                      (Meridian)  
                     (Field)                      (County or Subdivision)                      (State or Territory)

The elevation of the                      above sea level is                      ft.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

- We wish to report the running and cementing of production casing.
1. Drilled  $1\frac{1}{8}$ " hole from 100' to 1000'.
  2. Run 1000'  $1\frac{1}{8}$ " OD, 100, 2-75 casing and set at 1000' with float collar.
  3. Cemented with 100 lb 20-25 pounds with 1.50/cu tubing and 24 gal. circulated to surface. Plug down 1/24/cu.
  4. 100 lb hole. Pressure tested to 2000 psi for 30 minutes.
  5. Temperature survey indicated top of cement at 1000'.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
