Re: E. Thurland #1 A-6-30N-15W, San County, N.M.

Dear Gary:

A field inspection was conducted on the above referenced well by our office. It was reported that the well is leaking gas through the surface plug. You are hereby directed to re-enter the subject well, and replug it according to a Division approved plugging program.

If you have any questions, please contact this office.

Yours truly,
