RE: Temporarily Abandoned Wells

Dear Mr. Bielstein:

Our records indicate that the attached list of wells are inactive and require P&A or TA approval under Rules 201, 202 and 203. Please review your records and contact this office indicating the current status of these wells. Plans to bring these wells into compliance are to be submitted by December 31, 1992 and work completed by July 21, 1993. Rule 203 requires that a notice of intent to temporarily abandon a well be submitted on a Sundry Notice (OCD form C-103) and that a mechanical integrity test (MIT) be conducted on the casing prior to final approval. If there is a notice of intent to P&A filed and approved for these wells the work is to be completed by July 21, 1993.

If you have any questions please feel free to contact this office.

Sincerely,

*Dianna K. Fairhurst*
