Dear Sir:

Copies of Federal Notice of Intention to Drill were received in this office on February 10, 1960 for the above well. No further information has been received in this office except that we have learned through conversation with the U.S.G.S. office that notice of intention to plug and abandon was approved by them.

If the well has been plugged and abandoned will you please file 5 copies of the plugging report with the U.S.G.S. office in Farmington along with 5 copies of Federal well record form so that we may close our files on this well.

Yours very truly

Emery C. Arnold
