CASING RECORD

title of the greatest importance to have a complete history of the well. Please state in detail the dates of redrilling, together with the reasons for the work and its results. If there were any changes made in the casing, state fully, and if any casing was changed, or left in the well, give the size and brand. If the well was ever cased, state the date, size, position, and number of casing. If pumps or bridges were put in to test for water, state kind of material used, position, and results of pumping or bailing.
