

Form C-122  
Revised 9-1-65

AUG 29 1969

~~OIL CON. COM.~~  
~~DIST. 3~~

OIL CON. DIST.

Type Test: ☐ Initial ☐ Annual ☐ Special 6-18-66

Company: Inter Oil & Gas Company District: 1-1 Unit: 1

Pool: 1 Location: 1

Basin: 1 Direction: 1

Completion Date: 6-18-66 Test Depth: 2500 Flow Rate: 2500 GPM 10

40 2.5 2500 10 2500 10

8 4.7 2500 10 2500 10

Time: 10:00 Test Type: Flow Test

Location: New Mexico

| No. | Pressure (psi) | Depth (ft) | Flow Rate (GPM) | Direction | Remarks |
|-----|----------------|------------|-----------------|-----------|---------|
| 1   |                |            |                 |           |         |
| 2   |                |            |                 |           |         |
| 3   |                |            |                 |           |         |
| 4   |                |            |                 |           |         |
| 5   |                |            |                 |           |         |

| No. | Coefficient (1/2 inch) | Pressure (psi) | Flow Rate (GPM) | Direction | Remarks |
|-----|------------------------|----------------|-----------------|-----------|---------|
| 1   |                        |                |                 |           |         |
| 2   |                        |                |                 |           |         |
| 3   |                        |                |                 |           |         |
| 4   |                        |                |                 |           |         |
| 5   |                        |                |                 |           |         |

| No. | Pressure (psi) | Flow Rate (GPM) | Direction | Remarks |
|-----|----------------|-----------------|-----------|---------|
| 1   |                |                 |           |         |
| 2   |                |                 |           |         |
| 3   |                |                 |           |         |
| 4   |                |                 |           |         |
| 5   |                |                 |           |         |

| No. | Pressure (psi) | Flow Rate (GPM) | Direction | Remarks |
|-----|----------------|-----------------|-----------|---------|
| 1   |                |                 |           |         |
| 2   |                |                 |           |         |
| 3   |                |                 |           |         |
| 4   |                |                 |           |         |
| 5   |                |                 |           |         |

Absolute Open Flow: 450 GPM  
 Direction: 1  
 Remarks: 1
