If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Action Oil is aware of the problem with this plugged well and are planning to replug when time permits. Due to the numerous Non-compliance issues with 14-20-0603-6393, 14-20-0603-903 the replugging has been postponed. I have requested a schedule from David Dempsey and expect to have a completed one by 9/12/97. And will submit it for BIA & BLM approval. If necessary we can delay the current project and replug in 2-4 weeks. Please advise us of your decision.

I hereby certify that the foregoing is true and correct.
