Dear Emery:

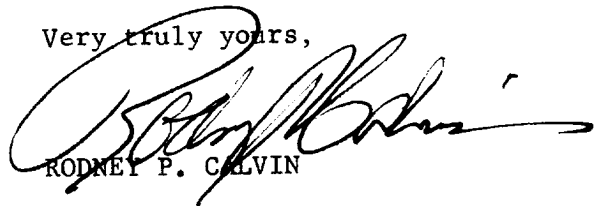

This afternoon, the United States Geological Survey called me from Roswell. On March 7, 1973, I filed my Communitization Agreement with the attendant exhibit with the U. S. G. S. The acreage content of the unit is 327.70 acres. They advised that since the unit contained more than 320.00 acres, they would need an approved copy from you of the acreage dedication plat. I have not yet received an approved copy from your office.

Therefore, would you please send a copy of the approved acreage dedication plat to Mr. John Monroe, U. S. G. S., Box 1857, Roswell, New Mexico. Likewise, I would appreciate receiving an approved copy thereof.

Thank you very much for your assistance in this matter.

With best personal regards.

Very truly yours,

  
RODNEY P. CALVIN
