Dear Rodney:

We have a 90-day cancellation for the Intention to Drill if the well is not started.

Please advise us if you still plan to drill the subject well. If so, when?

If your plans include drilling in the early future, we will not cancel the Intention to Drill.

If there are questions, please contact us.

Yours very truly,

A. R. Kendrick

Dear Al:

Thanks for your note; yes, I do plan to drill this well; there have been a number of delays, mainly with rig availability, and pipe availability; I am afraid to start the well without having pipe. That I now have; Morrow Drilling Company has been chosen to drill this well, but his rig is in Albq., and will be there for about a month or so. I will sincerely appreciate your holding off cancelling this Intention to Drill, because I will simply have to file another one.

Thank you very much for your indulgence.

Very truly yours,
