Yeager #3 N-03-31N-7W

Gentlemen:

Our records indicate that you have not yet filed form C-104 for operator change on the #4 well. Please file that report immediately so that we can correct our records.

Also, the wells are completed mechanically as duals but are in one pool. On all future C-115's show the combined gas stream for each well as its total production under the South Los Pinos Fruitland-Pictured Cliffs Pool.

If you have any questions, please contact this office.

Sincerely,
