This form is to be filed with the appropriate District Office of the Commission not later than 30 days after the completion of any newly-dredged or deepened well. It shall be accompanied by one copy of all electrical and radio-aerially logs run on the well and a summary of all special tests conducted, including drill stem tests. All data reported shall be measured depths. In the case of directionally drilled wells, true vertical depths shall also be reported. For multiple completions, Items 33 through 34 shall be reported for each zone. The form is to be filed in quadruplicate except on state land, where six copies are required. One hole table.
