

General: This form is designed for submitting a complete and correct well completion report and log on all types of lands and leases to either a Federal agency or a State agency. It is to be used by both, pursuant to applicable Federal and/or State laws and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to local areas or regional procedures and practices, either are shown below or will be issued by, or may be obtained from, the local Federal and/or State office. See instructions on items 22 and 24, and 33, below regarding separate reports for separate completions.

If not done prior to the time this summary record is submitted, copies of all currently available logs (drillers, geologist's, sample and core analysis, all types electric, etc.), formation and pressure tests, and directional surveys, should be attached hereto, to the extent required by applicable Federal and/or State laws and regulations. All attachments should be listed on this form, see item 30.

Item 4: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State or Federal office for specific instructions.

18. Indicate which elevation is used as reference (where not otherwise shown) for depth measurements given in other parts of this form and in any attachments. Items 22 and 24 indicate water measurement.

Items 22 and 24: If this well is completed for separate production from more than one interval zone (multiple completion), so state in Item 21, and in Item 22, and in Item 24, as the producing intervals, top(s) and bottom(s) and nature(s) in any) for only the interval reported in Item 32. Submit a separate report covering this form, adequately identified, for each additional interval to be separately produced, showing the additional data pertinent to such interval.

item 29: "Studies Conducted": Attaching supporting records for this will should show the details of any multiple stage consenting and the location of the consenting tool.

Item 33: Submit a separate completion report on this form for each interval to be separately produced. (See instruction for items 22 and 23 above).

DATE	TIME	LOCATION	DEPTH INTERVAL TESTED, INCLUDING PREVIOUS AND SUBSEQUENT INTERVALS	DESCRIPTION, CONTENTS, ETC.	NAME	MEASUREMENTS	REMARKS
7	0800	OFF SHORE OF ALABAMA	NO DST'S OR CORES		Fruitland	3390'	
					Pictured Cliffs	3468'
