RE: Proposed MC _____
Proposed DHC _____
Proposed NSL ✓ _____
Proposed SWD _____
Proposed WFX _____
Proposed PMX _____

Gentlemen:

I have examined the application dated 11-29-79
for the Manana Gas, Inc. Mary Wheeler #1-E, N-23-30N-12W
Operator Lease and Well No. Unit, S-T-R

and my recommendations are as follows:

Approve 1 @ 892' FSL, 624' FWL.

The application shows the well number to be
#2; however, for a Dakota infill it should
be #1-E.

Yours very truly,

AR Hendricks

Memo

From

Inspector

To

AL;

THIS LOCATION APPEARS TO
BE ABOUT AS GOOD AS THEY
CAN DO WITHOUT GETTING
CLOSER TO THE OLD MONSANTO
WELL. VEGETATION SHOWN ON
MAP IS MOSTLY SCATTERED
COTTONWOOD TREES.

CHAS.

Application for Unorthodox Well Location
Infill Basin Dakota Well
Mary Wheeler #2
892' FSL & 624' FWL
Sec. 23, T-30, R-12W
San Juan County, New Mexico

By this verified application submitted in triplicate, Manana Gas, Inc. requests approval of an unorthodox location for its Mary Wheeler #2 to be located 892' FSL & 624' FWL of Section 23, T-30, R-12W. Permissible location for a Dakota Well must be at least 790' from the outer boundary line of the 320 acre proration unit.

The reason for the unorthodox location is topographical. We want to drill this well as near as possible to the SW corner of this half section. A 790' location would put us in the middle of the Animas River. Our proposed location would be as near to the river as possible, but still 166' short of meeting 790' FWL minimum requirement.

The adjacent operators to this location are as follows:

Amoco Production Company	Beta Development Co.	Manana Gas, Inc.
Security Life Bldg. 2831-A	Petroleum Club Plaza	P.O. Box 145
Denver, Colorado 80202	3535 E. 30th St.	Farmington, N.M. 87401
Attn: Bernie Prako	Farmington, N.M. 87401	Attn: Ed Hartman
	Attn: Doyle Baxter	

All affected offset operators are being notified by certified mail of this unorthodox location request. If no affected offset operator has an objection, we ask that each operator so signify on three copies of this letter in the space provided below, sending one copy to you at the NMOCC, one copy to me, and retaining the third copy for their

own files. In the absence of any objection from an affected offset operator within twenty days, and provided you have no objection to this application, we will appreciate receiving your administrative approval of this letter application. Of course, if there is an objection, please set the matter for hearing, after giving proper notice.

Your favorable consideration would be appreciated.

With best personal regards.

Very truly yours,

MANANA GAS, INC.
