17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

We respectfully request a "Long-Term Shut-In". This well is currently completed in the Dakota zone and is not capable of producing at the present time.

We have only recently become the operator of this well and feel that we need more time to determine the source of the well's problems and to determine if the problems can be corrected.
