12. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed)

On October 15, 1999, Amoco Production Company received permission to perf and frac the above referenced well and downhole commingle. Please note that due to a geologic review it has been determined that the additional pay exposure would not have sufficient net pay to be economic, therefore, we request permission to cancel our request to perf, Frac, and downhole commingle the production in the subject well.

Should you have any technical questions please contact James Dean @ 281-366-5723 or Mary Corley for any administrative issues.
