RE: Plugging the Thurland #1, C-33-30N-15W

Dear Mr. Owen:

The Thurland #1 Meadows Gallup test was completed in January 1982, and has never sold hydrocarbons. The Thurland #1 well is in violation of Oil Conservation Division Rules 201 and 202. The OCD requires the Thurland #1 well be plugged and abandoned within 90 days.

The Owen Drilling fund is the operator of record for the Thurland #1 well. A one well plugging bond exists in the name of Roy L. Owen.

If you have any questions please feel free to contact this office.

Yours truly,

Denny G. Foust
Deputy Oil and Gas Inspector
