☐ Change of Plans

☐ New Construction

☐ Non-Routine Fracturing

☐ Water Shut-Off

☐ Conversion to Injection

☐ Dispose Water

(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give markers and zones pertinent to this work.)*

subsurface locations and measured and true vertical depths for all

On 9/18/98 Amoco Production Company filed a Sundry Notice for permission to perf and frac the Menefee (i.e. add pay in the Mesaverde formation). Application was approved on 9/25/98. Amoco now request authority to amend application to downhole commingle the subject well as per attached procedure. Please note the only amendment to the previously approved procedure is the elimination of original item 16 (setting of PKR @ 4860 and rerunning dual TBG strings.)

If you have any technical questions please contact James Dean @ 281-366-5723 or Mary Corley for any administrative concerns.

14. I hereby certify that the foregoing is true and correct
