Dear Mr. Fellows:

This is a request for approval of shut in of the above-referred-to well on a long term basis.

The reasons for this request are as follows:

1. The tubing and rods are parted, therefore, the well is not in pumping condition.
2. The well cannot be repaired at this time due to:
  - A. The well is involved in the filing of Bankruptcy by Lobo Production.
  - B. There is no clear documentation as to ownership of working interest by investors in the well.
3. It is now apparent that the situation concerning ownership of working interest by investors will not be resolved in the near future.

Thank you for your consideration and if you have any questions, please do not hesitate to call upon me.

Very truly yours,

Ewell N. Walsh, P.E.  
President
